Re: Notice of Ex Parte Presentation

*In the Matter of IP-Enabled Services*, WC Docket No. 04-36

Dear Ms. Dortch,

Yesterday, I spoke on the telephone to Michelle Carey, Legal Advisor to Chairman Kevin Martin, and Thomas Navin, Chief of the Wireline Competition Bureau, to discuss how AT&T currently provides 911 capabilities for its AT&T CallVantage service. In addition, I also described the current state of AT&T's plan to implement an e911 solution for its in-footprint, native TN CallVantage customers and the current timetable to implement that solution. One electronic copy of this Notice is being submitted for each of the referenced proceedings in accordance with the Commission's rules.

Sincerely,

A handwritten signature in black ink that reads "Robert W. Quinn, Jr." with a stylized flourish at the end.

cc: Michelle Carey
